Mr. Emil Johnson
1732 Upas
San Diego, California

Dear Mr. Johnson:

I have a very large collection of Swedish coins and am enclosing a list of them which was prepared some time ago. The coins are not for sale but I would consider exchanging them for other coins. I do not plan breaking up the group.

In view of your ad in the "Numismatist", I am writing to see what suggestions you might have.

Very truly yours,

E/Neuman;atb

Mr. Eric P. Newman,
315 Washington Ave.
St Louis, Mo.

Dear Mr. Newman:

Received your list of Swedish coins a few days ago and have gone thru' it very thoroughly. There is four coins I can't place in Oldenburg or Stjernstedt. Either the date or description must be wrong.

1593 The coins in question are. 1592- 3 Mark Johan III could be 1590 -42 M M. or 2 Mark 1592 -37 M M.

1646 Christina Rikd. does not tell from where? \$50.00 would be too high for from Sweden and too low for Riga or Stralsund.

1670 Chas. XI Crown could be 8 Mark. Also many of your dates has from 2 to 18 varieties with different ratings.

3 M
Sweden
Anyhow there are about 36 pieces amounting to between \$750 and \$800 that I could use. In most cases where yours are finer than mine. But I don't suppose you will consider anything like that. I also would be willing to pay some above your list to be able to pick just the few I need. But I have quite a lot of duplicates now and am no good at selling coins, except to dealers and they pay about half. So the coins I keep would just cost me too much. Have had answer from three Swedish collections for sale. One very large-over 1500- but they won't split up.

As for trade I have 38 pieces of U. S. gold and 42 foreign that lists around 1600.00- nothing spectacular. The best are 1855 Kellogg Co. S. F. 1853 U. S. assay-1907 St. Gaudens Roman date and three more twenties. 1903 Ten and six more tens 1800-1807-1813 and 1849 Pioneer S. F. in the Five and six more five dollars.

Mexican- 50 Peso--- 100 Skilling Austria. Also thirteen

panels of Foreign Crowns. Twenty-five or more coins to the panels that I would dispose of. Don't think there is anything outstanding anyhow.

I don't know much about coins outside of the Swedes. They take all my time.

If you have any solution on this I would like to hear about it.

Thanks-

Yours-

Ed Johnson

There is also something wrong with the pricing of some of your coins. Especially your 1660 Rigo Riksd. There has been five of them sold in the last year. None have gone to \$50.00. I paid \$28.50 for one E. F. In Henry Grunthal's sale Dec. 5th. 1949. There is one for sale in Sweden now for \$35.00. Stock has one. And I think Gimbel still has one. Its a 1 R coin in Oldenburg but I can place seven in the U. S. and 5 in Sweden just from memory. Not counting the large collections in Sweden. There must be at least 20 of them.

February 6, 1951

Mr. E. Johnson
Gramercy Court
1732 Upes Street
San Diego 3, California

Dear Mr. Johnson:

Receipt is acknowledged of your letter of January 27, 1951, and you are, of course, right as to certain items that you mention. The date is 1590 instead of 1592 on the 3 Mark of John III. The 1646 is from Sweden. The 1670 Crown is 8 Marks.

My suggestion is that you indicate which pieces you are interested in and also give me a complete list of the United States and foreign gold including the Pioneer pieces which you have with the condition and approximate value. I can then consider whether I might wish to break up the Swedish collection. The trouble is that most people want to pick out the Crowns and nothing else and that I would be completely unwilling to do. You might also indicate to me what commemoratives are there as your picture is too small for me to discern the situation.

Thanks very much for the pictures of your very fanciful frames. Perhaps we can work something out as soon as I have some more detail from you.

Sincerely yours,

EPNewman;atb

February 9, 1961

Mr. Eric F. Newman
315 Washington Ave.
St Louis, Mo.

Dear Mr. Newman:

Thanks for your letter just received and I am enclosing a list of the coins I can use. Thirty-nine pieces list \$797.50 I also might consider everything from Chas. XIII and up, 80 pieces amount to \$167.50. I have all the coins but being so many proofs it would improve my panel. As it contains very few proofs.

It is impossible to determine the rarity of the older coins just from the date as some of the dates has from 2 to 18 varieties. Your 1639 Riga has four -the 1664 -2 mark has 18.

Of course I realize my gold coins can be bought anytime for about the price they are listed. And I would be willing to take 10% less for the lot. That's about what I could get in the sale.

The panel with Guelph crestive is a complete type collection. Forty-seven pieces with the extra to accommodate any new ones. But I intend to keep the panel.

I also have a complete type set in U. S. silver, nickel and copper that I intend to keep.

Hoping to hear from you soon and that we can come to some arrangement on this.

Yours-

The 1634 Riga Christina is the only of the Riga's I am
short. I have the other four. But 110.00 is too high I can
get one in Sweden for 110.00 but have been holding back
expecting one to come up for sale here. I know they can't
bring over 50.00 as there is between 35 and 38 known in
the four varieties but would be willing to pay 100.00.
The 1643 is rarer only 7 known. This cost me 175.00 in
Criminal sale. And the 1645 is the rarest - 4 known. Paid
100.00 for it in Sweden.

February 14, 1951

Mr. Emil Johnson
1732 Upas Street
San Diego 3, California

Dear Mr. Johnson:

You certainly are relieving me of some of the nicest items I have but, of course, that is what I would expect if I permit any picking and choosing.

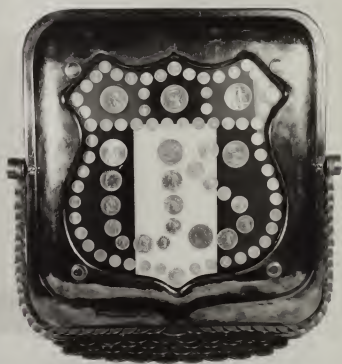

Thank you for sending me the pictures of your miscellaneous items and I will, of course, return them. I am enclosing a list of the coins which you mentioned that you are willing to part with and I would like to examine them before accepting them on an exchange. If you have any others which you did not list do not hesitate to send me a further list of them.

I wish you would give me a little more information about the 1707 Crown as it is in gorgeous uncirculated condition and probably is quite undervalued as you indicate but I do not understand what you mean by "vig" as that usually means "vignette" to me.

With kindest regards,

Sincerely yours,

EPNewman;atb

February 18, 1951

Mr. Eric P. Newman
315 Washington Ave.
St. Louis, Mo.

Dear Mr. Newman:

Received your letter of February 14th. and find the coins you picked out amount to about \$670.00 net.

And I can't find anything around here that would be of interest to you as I don't want to dig into my U. S. type collection.

Now the 39 pieces I first picked out from yours amounted to \$787.50. I have about half of these coins but expect to find yours in better condition than mine according to your rating. Now I can either leave out some of your coins to balance the amount or pay you the difference.

As for the 1707 Riksdaler it was struck in two varieties. But the one with short flowing hair seems to be more common. The other has shoulder long false hair. The last I seen sold was some over a year ago at Grunthal's uncirculated \$47.50 \$25.00 to 30.00 is about right for the short hair.

You didn't answer me in regards to 1639 Christina (Riga) You will find my price of \$100.00 is high. Only I need it to finish my Riga set. There is one in Howard Gibbs collection listed at \$78.00. But wants to sell all 130 Swedish crowns, lots of copper and tokens. Will probably be sold by Schukman. As he will sell Gibbs Spanish and South American in April. He only has about 20 crowns that I need.

You will find my coins as listed except the 4 ducats has some rubbing in the field. But of course anything you don't want I will take back at the same price.

Those photos I sent you are old and those panels have all been revamped. No need of sending them back.

As time is getting short for send my coins to the Convention, I would like to hear from you as soon as possible.

Yours-

E. Johnson

Dear Mr. Newman,

After mailing a letter to you this morning I noticed I left out some of the gold when adding up. Probably the Austrians so that don't leave us so much apart.

Yours-

Eric P. Johnson

February 23, 1951

Mr. Emil Johnson
Gramercy Court
1732 Upas Street
San Diego 3, California

Dear Mr. Johnson:

Your coins have not arrived as yet but I wish to answer your letter of February 18, 1951. I will not sell any coins, as I previously told you, but what we do not exchange I may give to some charity here and they, no doubt, would be glad to dispose of them and receive the money for them.

You will hear from me shortly after the coins arrive for exchange.

You indicated that there were four types of the 1639 Christina Crown of Riga. Would you be kind enough to tell me what those different types are and what the comparative rarity is between them?

I should have told you in my previous letter that I have no objection to parting with the 1639 Christina Crown and that may be included in the ones I give to charity.

Sincerely yours,

Mr. Eric L. Newman
315 Washington Ave.
St. Louis, Mo.

Dear Mr. Newman:

Received your letter to-day and am sending the coins by air parcel post tomorrow. So they should be there day after this letter.

There are twenty two gold coins and they net-760.00:

It seems to me it would be better to trade in some of my gold and give that away to charity. As they would be by far easier to sell than Spanish coins by them. There is still a few of yours I can use including everything from Chas. XIII and up 30 pieces \$167.50

If you will send your coins by air the same as I am sending mine I am willing to pay the difference in postage. As by regular mail they would be on the way probably for days.

Yours-

March 1, 1951

Mr. Emil Johnson
Gramercy Court
1732 Upas Street
San Diego, California

Dear Mr. Johnson:

The coins you sent arrived and I am willing to accept all but three of them.

I cannot quite check with your additions but working from the schedule you sent me I find that I am taking the equivalent to \$612.90 in value as shown on the enclosed adding machine tape. I am returning the 1803 Eagle, the 1849 Moffat and the 12 mark Denmark.

I am forwarding you, to-day, coins of the value of \$615.00 taken from the list you sent me which will be in exchange for those I have retained here. Of the coins you wished, I pulled out a few so as to balance, namely, the 1562 Crown, the 1568 sixteen ore, 1599 Crown, 1667 two mark, 1707 Crown and, of course, the 1639 Riga, as well as the items from Charles the Thirteenth on.

Incidentally, the 1639 Riga Crown is apparently one of the rarer ones being 1182-2. If you are very anxious to obtain the balance of these items, please let me know your feelings as I would, in that situation, give them to some deserving charity which could, if they wished, sell them to you.

I hope you get considerable enjoyment out of the coins on their way to you as I really hate to break up the nice group I have but if it gives a person pleasure, I am sure you will get more out of it than I will.

Sincerely yours,

EPNewman;atb

Mr. Eric P. Newman
315 Washington Ave.
St. Louis, Mo.

Dear Mr. Newman:

I received your coins and letter yesterday and sure appreciate getting them. I spent all day checking them and found some better than I expected for rarity. I feel some of them are worth quite a lot more than you listed them. Whoever got this lot together sure knew his Sweden.

I am sorry we could not get together on those four or five pieces I picked out, but unless you can find some more of my gold and don't want to accept money- I am just helpless. I especially would want the 1590 Miksdaler. The prices on my gold is just what I paid for it. If you feel its too high just pick the pieces you want in trade for yours.

I was a coppersmith in Sweden some fifty years ago and since retiring five years ago I do hammering work in copper and silver. Not for sale but give away to my friends. And as you are the only one I have had any success in dealing with thru' my add I am making you a Swedish coffee-pot in hammered silver. Just to remind you of the Swedes after your coins are gone.

Have had answers from seven collections but always take all or nothing and if I do I would go broke and still have no collection. Have around 300 duplicates now.

Will be sending the pot around Wednesday.

Sincerely yours,

Eric Johnson

I called this a sweet prize
sincerely but I really don't
know
what it is

Dear Mr. Newman:

Three weeks ago to-day I mailed you the little Swedish coffee pot. As I haven't heard from you was wondering if it arrived O.K. It was insured so would like to know.

Yours truly,

A handwritten signature in blue ink, appearing to read "E. Johnson", is written over the typed name "E. Johnson" in the signature line.

Dear Mr. Johnson:

I have just returned from a trip to the Virgin Islands and Martinique where my wife and I went for a little rest; for that reason you did not hear from me with respect to the beautiful coffee pot which you were kind enough to make. You certainly must be a master craftsman to produce work that fine by hand. We will enjoy using it and I am sincerely grateful for your thoughts of me in connection with it.

I am delighted that I gave you pleasure with respect to the Swedish coins and if you care to you could identify certain early Swedish coins for me which I have as yet been unable to obtain literature to identify. Of course, if that is inconvenient for you I can wait until another time. Perhaps in the near future we will be corresponding on something else and in the meantime, don't hesitate to call on me if you are in St. Louis.

Sincerely yours,

EPNewman;atb

Dear Mr. Newman:

Just returned from San Francisco and the Convention in Santa Cruz and your letter was here when I arrived home.

In regards to indentifying the early Swedes that you have will be glad to do my best, as I enjoy that work. Of course there are many that have never been indentified for sure but I have about every book printed on them. Bonier has pictures of 374 of them with rarity rating and price of 1906, also Antell and Brenner covers a lot of them. I take it that its coins before Gustav Vasa you refer to.

Was glad you liked the little coffee pot.

Sincerely yours,

Emil Johnson

Dear Mr. Johnson:

Since receiving the lovely tea pot which you made for me I have had very little opportunity to work on my foreign coins and I recall that you indicated you would be kind enough to help me identify a number of Swedish coins which I had. I have added to these a number which may be Swedish and may not be so if you could help me identify some of these, it would be most helpful. Please be sure to leave them in their original envelopes.

I am sending you 35 items - including a denier of Charles and 2 deniers of Eric; also a silver penny of Olaf Skothkonung. Please examine all of these and any which you can identify in detail I would appreciate very much.

I hope you are successful in adding further crowns to your collection. I had hoped that I would be in San Diego so that I may have the opportunity to spend some time with you and to perhaps exchange a few more coins; however, that opportunity may soon arise and I will look forward to it.

Please return the enclosed coins at your convenience.

Sincerely yours,

EPN;atb

November 18, 1951

Mr. Eric P. Newman
315 Washington Ave.
St Louis, Mo.

Dear Mr. Newman:

Thanks for your letter and the 35 pieces of coin that I have just gone thru'. I don't think there is one Swede in the brown envelopes. I have about every book written on Swedish coins but they could be Danes or Norwegian. I have a friend near Chicago that collects them and he has a very complete library. I am sure that he would be glad to check them over. His name and address is: R. H. Rosholm, Route 1- Lake Villa, Illinois.

Would like very much to have you call on me if you get out this way and see what I have.

Since hearing from you last I have acquired all the rarities from Howard Gibbs Swedish Crown Collection. Fifty-five pieces some really quite rare. Also included was the 1599 Chas IX Riksd. 1639 Riga Christina, 1715 Chas. XII large Ore. Of course the 1639 Riga has four varieties and the 1715 Ore has nine varieties some of them struck in later years. I still would like to have the 1707 Chas. XII if its the one with short hair. I have the one with wig(not wine). And I also would like to have Olof Skotkonung that I am now returning. I need one in the sail of my Viking ship. Thats the only ruler missing there out of forty. I have two pieces here that might interest you. One is a 1486 Austria, the first dated crown. One was just sold in Stack's Dollars of the World sale-Sept. 27th. there No. 1490 sold for \$57.00. The other is struck at Formosa about 1837 listed in 19th. Century Coins of the World ,China No. 46 listed as rare but no price. I got it from a sailor a long time ago. But never seen one sold so don't know the value.

Mrs. Ragnar Cederlund of Chicago visited me last week. Wants to sell her Swedish collection badly. But she only has a dozen pieces that I need. She went to Sweden to sell them and could get a good price but could not take the money out of there.

Enclosed find your coins that I am now returning.

Sincerely,

1800 silver candle
25" long

First dated crown E.F.

Dear Mr. Johnson:

I hasten to reply and thank you for your kind letter of November 18, 1951 with the assistance in identification of some of the items.

I am very pleased that you have acquired additional Swedish items and that your collection is continuing to grow.

I will, of course, be glad to cooperate with you in trying to work out an exchange which will meet with mutual satisfaction and within the next few days I will get my 1707 Charles XII and see whether it has the short hair. I would be glad to try to work out an exchange for the Austrian thaler but I am not interested in the Korean coin.

I sincerely hope that you are not overly affected by Stack auction prices.

Perhaps you have acquired some other coins recently which we could make the basis of a further exchange. Because of your request, I am perfectly willing to part with the Olaf silver penny.

Kindest regards.

Sincerely,

EPN/atb

Dear Mr. Johnson:

I am enclosing the Olof silver penny which you requested and have just examined my Charles XII crown and find it does have short curly hair. It is in proof condition. Let me know what you suggest in connection with the exchange.

Kindest personal regards.

Sincerely yours,

EPN;atb

December 17, 1951

Mr. Eric P. Newman
315 Washington Avenue
St. Louis, Mo.

Dear Mr. Newman:

Enclosed find the 1486 Crown and a Christianstad emergency piece. This piece is quite rare it is claimed they were redeemed with gold after the Danes capitulated. I think these two pieces should be a fair trade for 1707 Chas. XII and Olof Skotkonung.

Hoping to hear from you soon. And wishing you the best of the Season's Greetings-

Sincerely,

December 28, 1951

Mr. Emil Johnson
1732 Upas Street
San Diego 3, California

Dear Mr. Johnson:

As you suggested in your letter of December 17, 1951, I am enclosing the 1707 crown with the short hair. You will note how lovely its condition is. I am doing this principally to please you and you certainly deserve it.

One of these days I am going to put you to work on the balance of my Swedish coins to get the various technical varieties worked out.

May you have many happy Coin Years in the future.

Sincerely,

EPN/atb
